

8 THINGS TO INVESTIGATE CHOOSING A PRESCHOOL

Bring this FREE preschool checklist with you to the Preschool and Childcare Fair to make it easier for you to interview individual program directors.

- Are Teachers forming Positive Relationships with the students?

- Does the curriculum addresses children's social, cognitive development and build foundations for school success?

- Do teachers carefully supervise all children and provide time for group and individual attention?

- Is there ongoing assessment of your child's progress that is shared with parents in regular meetings?

- Is there a safe and healthy environment where children can regularly run and play, and is nutritious food available?

- Is the teaching staff qualified and are there continuing education opportunities for teachers?

- Are families are welcome to visit the program at any time and are there family events planned through the year?

- Is the program licensed by the applicable state agency with policies for health, safety and discipline in place?
